

LOW PROFILE CYLINDERS

10-100 TON CAPACITY | 1.5"-2.5" STROKE | 10,000 PSI MAX. PRESSURE

FEATURES

- Designed for use in confined spaces
- Plunger wiper seal keeps out contamination and debris
- Upper and lower bronze bearings for minimal wear of cylinder rod and maximizing lifetime of cylinder
- Industrial grade spring for increased spring performance and lifetime
- Industrial grade steel construction withstands even the most demanding of applications
- Chrome plated piston rod eliminates corrosion and rust
- 3/8" NPTF female coupler and dust cap on all models

High Flow Coupler included on all models
